COMMUNICATION

Box PCT
Commissioner for Patents
Washington, D.C. 20231

Dear Sir:

In response to the Notification of Defective Response, Applicant respectfully requests amendment to the inventor information for the above-referenced matter. Since the present application was filed on 21 December 2001, with the World Intellectual Property Organization, a fifth inventor, Patricia VILLAIN, has been identified. The inventorship in the PCT application has been amended.

Form PCT/RO/101 exhibiting that the inventorship of the present application has been amended with the World Intellectual Property Organization is enclosed. Applicants assert that the Oath is not defective as the inventorship in the present application is the same as the PCT application.

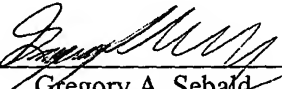

As the inventorship is the same as the PCT application, it is believed that the Notification of Defective Oath was issued in error.

If fees are required, Applicants request that the amount(s) be taken from the Merchant & Gould Direct Deposit Account No. 13-2725. If a telephone interview would be helpful in this matter, please contact Applicants' Representative, Gregory A. Sebald, (Reg. No. 33,280) at 612.336.4728.

Respectfully submitted,
